I . INTRODUCTION

After accurately predicting your past events, we have prepared this future prediction document.

You are a very kind person. In the past few years, you have run your own building materials store.

Your best benefit came in 2018, earning a lot every month. Business is good, but it only lasted for one year.

Since 2020, your business has started to deteriorate, and 2021 is the worst year. You have suffered a lot of losses. It is barely possible to maintain expenditure balance in 2022 and 2023. This is your financial situation.

You divorced in 2021, and after that, you raised your daughter alone. You want to meet a suitable marriage partner again.

Overall, next year will be tough, but the financial situation is better than 2023, and you may have some new friends or may start new business.

II . Know Yourself

You are very stubborn, you always stick to your own ideas and decisions. You are not very loyal to love. You are addicted to drinking and entertainment venues. This led to the occurrence of divorce.

Your finances have been unstable and decreasing in recent years. Your luckiest year was 2018, when you bought a house and your income increased significantly.

In 2023, you originally decided to close your business and go to work in another city, but later you changed your mind and still hope that your business can improve.

You really want to know what will happen in 2024.

Destiny of 2024

Destiny Trends in 2024

Your income will be much better next year than in 2023. But your health problems will be even more severe, with diseases in the spleen, stomach, digestive system, or skin diseases.

In 2024, you will be thinner and busier than before. In the past, you were mostly in a leisurely state and didn't have much to do. But as your financial luck improves, you will become even busier.

Love still has no outcome, you will only meet the person you like the year after tomorrow.

The education of children is a problem. Due to divorce, she did not have a good childhood environment, so you need to invest more time in her child's education.

Father's health can be a hidden danger.

January: Your job may be in flux. In the past, you have been running a building materials store, and now, you may have more suggestions from friends. You may shift your focus of work, so you need to carefully consider whether it is appropriate.

This may be a good opportunity, but you will face more choices. Your luck is on the rise, but it does not mean you should not choose carefully for this.

More expenses may arise, possibly due to early investment in some projects.

March: You will meet the person you like, but in the end, there will be no result. She will appear briefly. At this stage, you prefer to form a complete family.

Similarly, this is a relatively expensive period.

April: Your income may increase significantly, and the project will start to improve and earn more money. This will continue for a period of time until next year. This is the change you most want to see.

May: When you have money, you will pursue more enjoyment, enjoy socializing, and during this period, your body will deteriorate. You'd better stick to physical exercise, it will be helpful for your health.

This is the change in 2024, and 2025 is also a good year.

The Meaning of Effort

Effort is important, although the trend of destiny may be known in advance through LuMing, effort is also very important. For example, the height of wealth in a very lucky year for wealth growth. Whether you can earn \$10000 or \$100000 depends on your own efforts. What remains unchanged is that these are all lucky years. But the quantity and degree depend on effort.

In a year of good luck, hard work can elevate wealth and career to higher heights. In a year of bad luck, hard work can minimize losses. All of this depends on effort.

Therefore, destiny does not make people negative. Understanding destiny and mastering the rules of LuMing will make you live more clearly, have a clearer understanding of your future, and have more confidence and a better life.

You have chosen the right direction, which is to understand LuMing, destiny, and yourself.
