Your LuMing Chart

*This is a LuMing Chart based on birth time, which contains Chinese symbols. It's not important to not understand the meaning of these symbols.

I . INTRODUCTION

You are a very ambitious person, with a high degree and always at the forefront of fashion. You are very smart. You adhere to your own opinions and are not easily influenced by others.

Your heart is filled with longing, you have talent, always trying to rely on your own abilities to solve more problems. You enjoy freedom, pursue freedom, and do not like being constrained.

At the beginning, you had a stable and decent job. But in some years, you want to

realize your value through entrepreneurship.

Your destiny will fluctuate greatly, and in some years, your luck will be good and everything will go smoothly. But in some years, you always feel many difficulties that you cannot solve.

Your marriage is good, and you love each other. Your wife can bring you more help.

In recent years, you have not been feeling well. You resigned in 2018 and started your own business. In 2019, you suffered a lot of losses and the company went bankrupt. So in the past two years, you have always been looking for a job, but currently your job is good, the company is large, and the salary is also very good.

II . Know Yourself

You are very smart and always better at discovering problems than others. Your education is also very high, so you can easily find a good job.

But sometimes you tend to be more arrogant and believe too much in your own feelings, so when doing things, it is always difficult for you to calm down and think carefully, leading to your irritability and easy to make decisions quickly. These decisions may sometimes lead to many problems and failure.

Due to your strict demands on yourself, you are always not satisfied with the current situation and want to prove yourself more. In the past, you started your own business, but experienced failure. Recently, you have found a good job and started feeling very good.

You are relatively independent and stick to your own ideas. But sometimes you are stubborn and don't like to accept others' ideas, always believing that you are doing the right thing. You trust your own judgment too much, which sometimes leads to major mistakes. You need to calm down, think carefully, and then make a decision.

In unlucky years, you are prone to anxiety, insomnia, and poor sleep quality. You always think a lot, which makes you look haggard. Your heterosexual connection is good because you give others a feeling of optimism. You have many friends and they are very friendly.

You are a charming person, passionate and capable. You always want to prove

yourself, and you need to demonstrate your strengths and strengths in some years.

The Reasons for the Formation of Destiny

Your biggest problem currently is in your career. You really want to prove your abilities and have experienced several failed startups. Although you have great abilities and friends can provide help, in some years, you may lack thinking, become impatient and impulsive, and make wrong decisions, which can lead to failure.

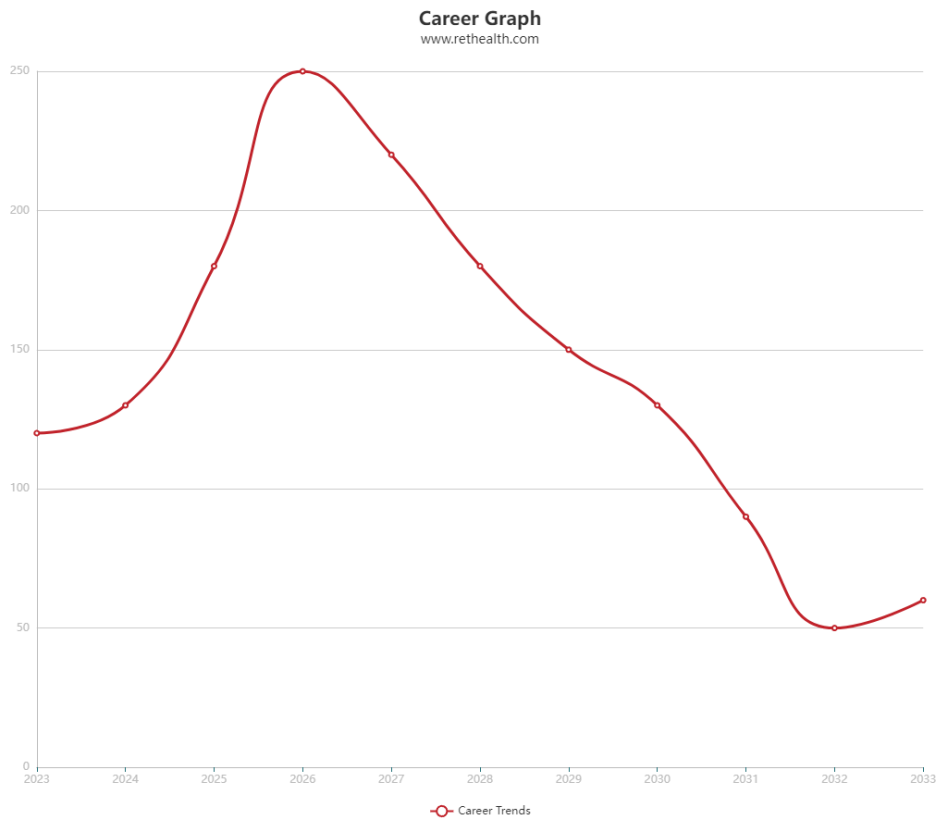

Therefore, your career is an irregular curve that has been circulating. You need to recognize yourself, change yourself, and do the right thing at the right time in order to be more successful. Otherwise, you will experience the pain of failure again.

Your luck is better than most people, so you will ultimately succeed in proving your abilities.

You cannot ignore the warning brought by LuMing, it will help you avoid more losses and keep you on the right path.

Detailed Career Guidance

I .Your Career Curve

Notes:

1. The period is from 2023 to 2033, spanning 10 years.
2. The red curve represents the Career, and the height of the curve represents the annual career situation.
3. The highest point is the year with the best luck, and the lowest point is the year with the worst luck.
4. This is a financial reference model that is based on LuMing's rules and may not be 100% accurate, but its overall trend is often correct and is for reference only.

Since graduating as a graduate student in 2014, you have been smoothly entering a large company. Your salary and benefits are very good, which is good for a newcomer to society. From 2014 to 2017, you worked hard at this company, mastering many professional skills and becoming increasingly confident.

Since 2018, you have been wanting to resign and want start your own business. You have found friends who share your ideas and are partnering to start a business.

In 2018, you spent a lot of money in the early stages of entrepreneurship. You have

encountered many difficulties and the timing is not good. Therefore, after starting a business for more than a year, the company went bankrupt. For this, you have put in a lot of effort and cost. This is a failed startup, but you have accumulated experience.

In 2019, after the company went bankrupt, you started looking for a job again. But you don't have the good luck, and you are not satisfied with the company you work for.

In 2020, you changed your job and encountered the pandemic that year, with most of the time without anything to do. Income has become less.

In 2021, you changed your job again and the situation did not improve.

II .The Best Year of Career

Understand the past and judge the future.

2020 and 2021 were the worst years for your career in the past decade. You have changed jobs several times and are not satisfied.

In 2022, the situation has improved. You work for a great company, you feel much better than before.

In 2023, you will still work at this company, earning more and more. You feel that your career will become better, so you want to start your own business again.

In 2024, you are preparing for your own entrepreneurship again, which is a great year and your career is on the rise. Your expenses will be much higher than in 2023. This is a good time.

In 2025, your career prospects are very good, even better than in 2024. You have two options. If you continue working at your previous company, you will have many opportunities for promotion and your income will become higher. If you start a business again, there will be small successes, but there are risks to starting a business, even though it can be profitable this year. You need to control the risks.

In 2026, this is the peak period of your career. If you start a business in 2025, your career will be very smooth and the company will start to make more profits and get on track. Risk comes with success. And if you don't choose to start a business and continue working in others company, this year you will be promoted and respected

by the company, trusted by leaders, and admired by colleagues. No matter what choice you make, you will be even more successful this year.

III. Worst Year of Career

From the trend table, we can see that 2026 is the best year for our career, and after that, the trend is downward, which is unfavorable. If you are in a startup, this is a warning to inform you of the risks involved.

There may be many factors that affect all of this, and it may be market demand that makes your project difficult to implement. It may also be a sudden change in national policy, such as war. However, in any case, you need to be more careful. If you work in a company, there may be a risk of leaving. If it is a startup, there may be a risk of the company going bankrupt.

In times of career adversity, avoid more financial losses. In 2028-2029, the cost will increase significantly. If you are starting a business, you will face transformation and want to explore more channels.

Between 2030 and 2033, you need to be more conservative and not blindly make decisions. You will face more losses, and the company's development will stop or even regress, accompanied by a large amount of financial losses. You also need to pay attention to the issue of marriage, as the impact is mutual.

After 2034, the career curve will rise again and continue to stop until 2039. In the years 2040 and 2041, you need to be particularly careful as this may be the year when the company goes bankrupt.

LuMing's Advice

The following is advice from LuMing:

1. Careful thinking, calming down to do things, and not being impatient will help you avoid losses. Although your execution is strong, you lack thinking.

2. In the lucky year, seize the opportunity. For example, from 2025 to 2027, this is a great time for career development. You can start a business and achieve success.

3. Risk comes with success, so don't stop thinking with arrogance. From 2031 to 2033, it is very easy to encounter failure, and failure may not only occur in your career, but also in your health. Don't ignore the significant risks involved.

The Meaning of Effort

Effort is important, although the trend of destiny may be known in advance through LuMing, effort is also very important. For example, the height of wealth in a very lucky year for wealth growth. Whether you can earn \$10000 or \$100000 depends on your own efforts. What remains unchanged is that these are all lucky years. But the quantity and degree depend on effort.

In a year of good luck, hard work can elevate wealth and career to higher heights. In a year of bad luck, hard work can minimize losses. All of this depends on effort.

Therefore, destiny does not make people negative. Understanding destiny and mastering the rules of LuMing will make you live more clearly, have a clearer understanding of your future, and have more confidence and a better life.

You have chosen the right direction, which is to understand LuMing, destiny, and yourself.

Enhance career and avoid losses

How can we seek good fortune and avoid evil?

1. Change yourself, change the bad habits of impatience and impulsiveness. Put yourself in more thought and avoid making decisions easily. Ensure risk reduction.

2. In the year with the highest risk, giving up on continuing to invest and prioritizing stability is still good, even if the benefits become minimal. For example, in 2032,

giving up high-risk attempts and continuing to make efforts on profitable projects can avoid more losses.
